GLOBAL DAILY INDEMNITYSM

Insuring your life and health reduces the burden of unforeseen financial liabilities due to an illness or accident. Unfortunately, obligations and bills continue even during a hospital stay. The Global Daily Indemnity plan is an excellent way to offset these expenses. Global Daily Indemnity will pay directly to you US\$100 for each required overnight stay in a hospital. The hospital stay must be covered under your Global Medical Insurance and hospital stays related to pregnancy are not eligible.

GLOBAL DAILY INDEMNITY

Available only between ages 19-69 with Global Medical Insurance

PRINCIPAL SUM

US\$100 per day

How To Apply

Global Term Life Insurance and Global Daily Indemnity are available with no additional medical underwriting. Simply complete and return the health and life portions of the application with the appropriate premiums as outlined in the application.

PREFERRED PROVIDER ORGANIZATION

You may seek treatment under Global Medical Insurance worldwide, including the United States, with the hospital or doctor of your choice. When seeking treatment in the U.S, you may use IMG's independent Preferred Provider Organization (PPO), a network of over 360,000 physicians and 4,000 hospitals who are contracted separately. This PPO network reaches across the country and includes some of the most recognized university medical centers and transplant facilities in the United States.

Using the provider network could significantly reduce your out-of-pocket expenses. Your deductible will be reduced by 50%, and any coinsurance applicable to that charge is waived when eligible treatment is received from a network provider. When a U.S. hospital outside the network is used, a co-payment of US\$250 is required in addition to the regular deductible and coinsurance. This co-payment is waived, however, if there is not a network provider within 50 miles of the location of treatment.

You may access the PPO directory by requesting that a copy be sent to you or you may visit the IMGGLOBAL[®] web site, www.imgglobal.com. Providers are listed by location and specialty.

EMERGENCY MEDICAL EVACUATION

During a medical emergency, access to qualified treatment is an immediate concern. For these situations, Global Medical Insurance includes a US\$50,000 lifetime benefit for Emergency Medical Evacuation. This coverage is available when there is not a qualified facility in your area to treat your life threatening illness or injury. In addition, an Emergency Reunion lifetime benefit of US\$10,000 is available to cover the travel/lodging expenses of a relative or friend during an Emergency Medical Evacuation. Global Medical Insurance also covers expenses for repatriation of bodily remains or ashes to the insured's country of citizenship up to a maximum of US\$25,000 for death resulting from a covered injury or illness.

HOW THE EVACUATION PROCESS WORKS

Emergency Medical Evacuation through IMG provides access to care when you or your family need it most. During the emergency, IMG will coordinate evacuation to a qualified facility equipped to handle your illness or injury. A team of independent pilots and medical professionals transport you and a family member, while arrangements for your arrival are being made with the receiving hospital. Once at the receiving hospital, IMG will continue to monitor your treatment and communicate with physicians and family members.

To be eligible, the evacuation must be recommended by the attending physician and approved in advance and coordinated by IMG. IMG is available 24 hours a day, 7 days a week to arrange emergency medical evacuations.

IMG has around-the-clock medical staff available to approve, certify and coordinate medical evacuations.

Global Medical Insurance is available to individuals and families of all nationalities. U.S. citizens must reside abroad or plan to leave the U.S. on their effective date and plan to reside abroad for at least six months. Non-U.S. citizens may reside anywhere, including their country of citizenship, although certain eligibility restrictions may apply to non-U.S. citizens residing in the United States. Persons between the ages of 14 days and 74 years old may apply for coverage. Persons older than 74 years of age are not eligible. Certain other restrictions may also apply.

Families applying for Global Medical Insurance will receive free coverage for the first two eligible dependent children between the ages of 14 days to 9 years when both parents are insured under the Global Medical Insurance plan. Children under the age of 19 applying individually should use the male 19-24 age bracket when applying for coverage. An application must be completed for each person requesting coverage.

NEWBORN CHILDREN

Newborn children may be eligible for coverage from birth for illnesses or injuries subject to:

- 1) The mother of the newborn must be covered by Global Medical Insurance and 2) the delivery of the child must be covered by Global Medical Insurance and 3) an application for the newborn must be received within 31 days of the date of birth and 4) the newborn must meet eligibility requirements and the other terms and conditions of the plan.

RENEWAL OF COVERAGE

Subject to the terms of the plan, Global Medical Insurance is annually renewable and coverage is continuous when renewed. Prior to the end of each period of insurance (12 months) you will receive a renewal form. You must continue to meet the eligibility requirements outlined above in order to renew. There are no medical questions at renewal and rates do not change based on your individual claims activity. Your renewal premium will be the same rate as all persons renewing in your same class.

LIFETIME COVERAGE

Lifetime medical coverage is available if you are enrolled in the Global Medical Insurance plan by your 65th birthday and maintain continuous coverage to age 75. Prior to your 75th birthday you will receive a renewal form for continuing coverage on the Global Senior PlanSM. There is no medical underwriting. You simply need to complete and return the renewal form with your premium.

PRE-EXISTING CONDITIONS

After coverage has been in effect for 24 continuous months, Global Medical Insurance provides a US\$50,000 lifetime benefit for eligible pre-existing conditions that existed at or prior to the effective date, subject to a maximum of US\$5,000 per policy period. This benefit is payable whether or not you have received consultation or treatment for the condition(s) during the 24-month period. This is important since few pre-existing conditions remain free from consultation or treatment, and often do not qualify for coverage in standard plans. Global Medical Insurance does not “rider” or charge additional premium for pre-existing conditions. If you properly disclose a pre-existing condition at the time of application, and we accept you into the plan, you will be covered for eligible medical expenses after 24 months of continuous coverage, subject to the foregoing limits and the other terms of the plan.*

The following illnesses which exist, manifest themselves or are treated or have treatment recommended prior to or during the first 180 days of coverage from the initial effective date are considered pre-existing conditions under the plan: tonsillectomy, adenoidectomy, hemorrhoids or hemorrhoidectomy, disorders of the reproductive system, hysterectomy, hernia, gall stones or kidney stones, any condition of the breast, and any condition of the prostate.

Pre-certification (notification of illness or accident) simply means calling IMG prior to treatment to receive a determination of medical necessity. The following treatments must be pre-certified:

- Any surgery or treatment requiring hospitalization
- Outpatient surgery
- CAT scans, MRI's
- Notification within the first 90 days of pregnancy
- Within 48 hours after an emergency admission to the hospital
- Care in an extended care facility
- Home nursing care

- Transplants

By notifying IMG, we will be able to generally verify your coverage and the available benefits under the plan, review the anticipated length of your stay, and coordinate future payment(s) of eligible benefits with the hospital or outpatient facility. Pre-certification may be done by you, the doctor, a hospital administrator or relative. Pre-certification is not a guarantee of payment. All medical expenses must meet eligible payment guidelines in accordance with the terms and conditions of the plan.

CLAIMS PROCEDURES

Once your application for Global Medical Insurance is approved, you will receive a fulfillment kit that includes an IMG identification card and claim forms. When you receive treatment, original itemized bills must be received by IMG within 90 days of services. As a courtesy, claims may be paid in selected alternate currencies by electronic bank wire. Please see the Claim Form for more information and conditions of this service.

CLAIM FILING ALTERNATIVES

DIRECT PAYMENT TO PROVIDERS - In many cases IMG works with the hospital or clinic, including those outside our independent PPO, for direct payment of eligible medical expenses. To be eligible to have a claim paid in this fashion, you or the provider must complete a Claim Form and submit it with original itemized bills. In this case, you will be responsible for direct payment of your deductible, coinsurance amounts and non-eligible expenses and charges.

REIMBURSEMENT - If you have received treatment and need to be reimbursed for out-of-pocket medical expenses, complete the Claim Form and submit your original itemized bills and paid receipts within 90 days. We will reimburse your eligible medical expenses after applying the deductible and coinsurance, subject to the terms of the plan.

Please remember to submit your bills and receipts as soon as you receive them. Do not hold them until the end of the year. IMG will apply eligible medical expenses to your deductible and coinsurance throughout the year.

HOW TO APPLY

To apply for IMG's Global Medical Insurance plan, simply complete and return the family application for yourself, your spouse and dependents. If you are 19 or older, you must complete your own application. You must complete all questions outlined in the application in order to be considered for coverage. An attending physician statement may be required depending upon your answers to the medical conditions, and IMG reserves the right to request additional medical information.

When we receive your completed application with premium, we will process it as quickly as possible. Once accepted, you or your agent will be mailed a kit which includes an IMG identification card, a certificate of insurance (containing a complete description of benefits, exclusions and terms of the plan), claim filing information, and claim forms. Your kit will also contain a form to notify IMG, as required by the terms of the plan, if you or any family member suffers or is treated for any illness, injury or other medical condition between the time of your application and the issuance of the certificate. If your application is not accepted, you will receive a full refund of premium. For additional information, please contact your independent insurance agent or broker.

With the Global Medical Insurance plan, coverage is free for two eligible children aged 9 or younger when both parents are covered under the plan.

Please refer to the policy wording for specific terms, conditions and other details regarding the benefits, limitations, eligibility and exclusions outlined in this booklet, available upon request.

The summary description of coverages, benefits and eligibility in this brochure is accurate at the date of printing, subject to the terms of the plan. Any updates or changes will be included in the fulfillment kit sent upon approval of your application, and from time to time thereafter.
